

## The Right Choice in Controllers: ESP-TM

With a Rain Bird® ESP-TM (Extra Simple Programming) controller at the heart of your irrigation system, you'll enjoy years of worry-free operation. The ESP-TM is designed to be easy to use and practically maintenance-free, so you can spend your time focusing on other things besides your lawn.

### Outstanding Features:

- Simple dial design makes programming a breeze.
- Easy-to-read liquid crystal display guides you through the programs with word prompts.
- Water budgeting feature allow you to quickly adjust for seasonal changes without altering the controller's everyday programs.
- Independent dual programming, day-of-week watering schedule.

For customer information, call 1-800-RAINBIRD (U.S. and Canada only).
